

# Anıl Gül

Software Developer

## About Me

Hello,

I have an excellent understanding of computer hardware and sciences, and I am also a backend software developer. Since the age of six, I have been continuously improving myself in various fields such as computers, computer science, systems, microservices, and network security. Additionally, I continue to work and further my education in these areas.

## Eğitim

Kapadokya Üniversitesi  
(2022-2026)

- Yönetim Bilişim Sistemleri

Cisco Network Global  
Certificates & Projects

- İngilizce-  
Java/C/C++/Python/Microservices

## Diller

- İngilizce
- Türkçe

## Referanslar

## Freelance & My Personal Projects

**My GitHub Link is available here:**

- <https://github.com/anilg12>

## Sertifikalar

Cisco Network Certificates & Projects

- Python Certificates
- C++ Certificates
- Java Certificates
- C Certificates
- Python Certificates
- Computer Networks & Security
- Fundamental Information  
Technologies

## Skills

- Programming Languages: Python,Java,C++,C
  - Microservices Architecture: Docker, Kubernetes
  - Backend Technologies: .NET Core, Node.js
  - Team Collaboration
  - Fast Learning & Adaptation
  - Communication & Presentation
